

NOVAtime 4000 has it all

- ✦ **Security:** Hosted offsite at totally secure SAS 70 Type II certified location and is backed up in 3 separate locations.
- ✦ **Report Generator:** Powerful report templates that allow users to create customized reports for any time frame.
- ✦ **Pay Policy Management:** Enforces calculation rules uniformly eliminating errors.
- ✦ **Payroll Interfaces:** Available for many popular payroll programs and services including ADP, Paychex, Millennium, Ceridian, Paycom, Abra, Quickbooks, & PeopleSoft.
- ✦ **Data Collection Choices;**
 - Bio-Metric** -eliminates buddy punching
 - Badge** -bar code, magnetic, PIN, or proximity.
 - PC** -clock IN/OUT, approve time, view benefit time, make time off requests.
 - Telephone** -flexible solution for those on the go.

With only 25 employees, making an hourly rate of \$7.00, your company could save more than \$19,000 annually with our Labor Management System.

**Get a grip on your labor costs....
Without emptying your wallet!**
